

Web Engineering Lab

Lab Test 1 (SET B)

Name:

Marks: 20

Roll:

Time: 1.30 hour

Clean Corruption

You are tasked with designing a website for an anti-corruption initiative called "Clean Corruption," managed by a voluntary organization committed to combating corruption in society. The website should allow users to submit complaints about corruption, showcase the organization's mission, vision, and objectives, and provide an interface for people to become volunteers.

Design a website with at least three pages (**Home**, **How it Works**, and **Submit Complaint**) using **HTML**, and **CSS**. Ensure that all pages share a common header, navigation bar, and footer.

1. Homepage:

# Clean Corruption

Report Corruption, Empower Change

CleanCorruption

[Home](#) [What We Do](#) [Complain Box](#)

## Our Mission and Vision

To empower citizens to report corruption effortlessly and to ensure accountability through the intervention of a dedicated voluntary organization. A corruption-free society built on trust, transparency, and justice, where every voice matters.

Compassion

Integrity

Dedication

## What People Are Saying

"Clean Coccupation helped us resolve a corruption issue efficiently!"  
— John Doe

"A remarkable initiative for a better society."  
— Jane Smith

"Truly empowering citizens to fight corruption."  
— Ali Khan

## How It Works

### Step 1

Submit your complaint with necessary details and evidence.

### Step 2

Our team reviews and validates the information provided.

### Step 3

Action is taken by a voluntary organization to ensure accountability.

## Frequently Asked Questions

How do I submit a complaint?

^

Click on the "Complain Now" button and fill out the form with all the required details.

Is my information confidential?
